Assignment # ☐

File Handling in 'C'

Write a program in 'C' to perform the following tasks:

1) Create and store information in a text file.

2) Read data from an existing file.

3) Write multiple lines to a text file.

4) Find the number of lines in a text file.

5) Count the number of words and characters in a file.

6) Copy the contents of a file to another file.

7) Merge two files and write them to another file.
